

ALEKSANDAR NIKOLOV

FRONT-END DEVELOPER

☎: +359882720913 | ✉: 506373@STUDENT.FONTYS.NL | PORTFOLIO: [VISIT HERE](#)

BACKGROUND

Third year Media student, currently in smart mobile, I am eager to find an internship where I can contribute with my knowledge and skills. The variety of projects I have developed reflects on my drive for exploration. I am prepared to share my enthusiasm and experiences and tackle new challenges.

EDUCATION

SECONDARY SCHOOL

PPMG "Exarch Antim I", 2017 – 2022

BACHELOR OF ICT AND MEDIA

Fontys University of Applied Sciences, 2022 – Present

EXPERIENCE

NFC SHOOTER | SEMESTER 4

Android based Arcade inspired mobile game.

- An Android game developed in Kotlin.
- Incorporates NFC scanning as a mechanic within the game.

18TH SEPTEMBER FOUNDATION | SEMESTER 3

Interactive history documentary with player driven outcomes

- A website containing information on prominent history figures and their backstories (HTML/CSS/JS).
- A interactive Video that teaches the user about the liberation of Eindhoven during World War II.
- Different outcomes and what if stories present in the video based on the choices that the user makes.

ARTIST WEBSITE | SEMESTER 2

A website dedicated to displaying our clients work

- Artist and researcher website created to display their work
- Features light and dark theme animations and is fully responsive
